

**Description:**

Scuppers are designed to be used on rectangular outlets extending through walls or raised roof edges. Scuppers are custom prefabricated with one or two skirts or with a single skirt and metal flange.

- Fabricated in 24-gauge vinyl-coated metal with one or two 40-mil 6" PVC membrane skirts.
- Custom configurations, including incorporating the scupper with a collector box, are available upon request.
- Prefabricated scuppers with a 2" terminating flange reduce field fabrication and installation time.
- Available in white, tan, gray, and dark gray vinyl-coated metal.

Single Skirt Scupper

**Installation:**

1. Install in accordance with EXCEPTIONAL® Metals Details #2041, #2060, and #2061.
2. Any deviation from the requirements set forth in detail drawings must be pre-approved, in writing, by the EXCEPTIONAL Metals Technical Department.

Double Skirt Scupper

**Warranty:**

EXCEPTIONAL Metals offers a finish and substrate warranty. Contact the membrane manufacturer for any additional warranty that may be offered.

**Technical Services:**

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call EXCEPTIONAL Metals.
