

Description:

The Fascia Base functions as a fascia bar and cover system, used with the 2-Piece Snap-On Cover. Can be used on eaves, allowing water to flow over the roof edge termination.

- Fabricated in 10' lengths and 3" – 8" widths.
- Manufactured from 24-gauge Galvalume[®], 24-gauge stainless steel, and .050 aluminum.

Energy Efficiency:

LEED[®] and ENERGY STAR[®] compliant; Recyclable.

Installation:

1. A wood nailer is required if 1" or greater of insulation is used.
2. This nailer should be attached to the wall in accordance with ANSI/SPRI ES-1 3.9.
3. Install in accordance with EXCEPTIONAL[®] Metals Detail #3560.
4. Any deviation from the requirements set forth in detail drawings must be pre-approved, in writing, by the EXCEPTIONAL Metals Technical Department.

Codes and Standards:

- ANSI/SPRI ES-1 Compliant for 4" and 6" base.

Warranty:

EXCEPTIONAL Metals offers a finish and substrate warranty. Contact the membrane manufacturer for any additional warranty that may be offered.

Technical Services:

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call EXCEPTIONAL Metals.
