

Description:

The T-Edge provides a smooth edge finish and easy deck termination. The system consists of three separate components: a drip edge base, hook strip, and splice plate that are hooked together to form an aesthetically-pleasing edge.

- Fabricated in 10' lengths; 2" – 8" widths.
- Can be modified to accommodate various pitches and bend up to a 6/12 slope.
- Top piece consists of a vinyl-coated hook strip with a 6" attached PVC membrane skirt. Bottom drip edge piece available in any metal finish.
- Does not require an overlapping allowance.
- Ready to assemble inside and outside corners are available.

Energy Efficiency:

LEED® and ENERGY STAR® compliant; Recyclable.

Installation:

1. Attach to a wood nailer.
2. This nailer should be attached to the wall in accordance with ANSI/SPRI ES-1 3.9.
3. Install in accordance with EXCEPTIONAL® Metals Detail #3550.
4. Any deviation from the requirements set forth in detail drawings must be pre-approved, in writing, by the EXCEPTIONAL Metals Technical Department.

Codes and Standards:

- ANSI/SPRI ES-1 Compliant for 3" – 8" in 24-gauge galvanized and .040 aluminum.
- Meets TAS 111-95 test for 4".

Warranty:

EXCEPTIONAL Metals offers a finish and substrate warranty. Contact the membrane manufacturer for any additional warranty that may be offered.

Technical Services:

Product samples, detail sheets, color chips, and color chart are available for your submittal package. For assistance with questions or submittals, contact your local representative or call EXCEPTIONAL Metals.
